

#	Source (Cite name of Desk Research material/Key Informant)	Role in the System	Relevant Sectors (X sector, Innovation ecosystem actor, etc.)	Factors helping/hurting innovation ecosystem						What is going on and who is out there?				
				Helping Forces - to strengthen ability of institutions/individuals to supply innovations	Upstream Causes of helping forces	Downstream Effects of helping forces	Hurting Forces - to strengthen ability of institutions/individuals to supply innovations	Upstream Causes of hurting forces	Downstream Effects of hurting forces	What existing initiatives are strengthening the innovation ecosystem	How are they supporting the innovation ecosystem?	What support structures would benefit innovators/innovation ecosystem?	Who are the other organizations we should connect with?	What might motivate and incentivize stakeholders to participate in our program?

What accounts for how well or poorly the innovation ecosystem functions?							
What hinders the innovation ecosystems (or its actors') ability to support, catalyze or scale innovators/innovations							
#	Hindering Forces	Upstream causes (why is this happening?)	Downstream Effects (What might this lead to?)	Notes	Source	Title	Link to KII
