

Launch Event & First Workshop

Thank you for joining the launch event and first systems sensing workshop of Accelerating Innovation for Resilience (AI4Resilience) on 20 June 2022 in Dhaka. As you know, the Global Knowledge Initiative (GKI) leads AI4Resilience with support from USAID and in partnership with Spring Activator.

As a pilot program, a major objective of AI4Resilience is learning. This survey is a part of these efforts. AI4Resilience will track responses related to these themes throughout the program. AI4Resilience will directly use feedback on the workshop itself to improve future workshop experiences.

Questions in the survey focus on workshop themes as well as your reactions to the workshop itself. The survey also collects names and demographic information, as this will aid in analysis and understanding the evolution of responses throughout the program. However your personal and organizational data will not be associated with the data analysis or any information that is shared publicly. Your responses will be kept strictly confidential with identifying information available only to members of the AI4Resilience team who are analyzing the data.

If you have any questions about the survey or AI4Resilience, please contact us at ai4resilience_info@gkinitiative.org.

I consent to responding to questions regarding the AI4Resilience launch event and first workshop. My responses will be stored by AI4Resilience in a secure manner. My responses will be kept strictly confidential with identifying information available only to relevant members of the AI4Resilience team. *

- Yes, I consent.
- No, I do not consent.

First Name *

Your answer

Surname/Family Name *

Your answer

Gender *

- Male
- Female
- Other
- Prefer not to say

Age group *

- Under 18
- 18-22
- 23-26
- 27-30
- 31-35
- 36-40
- 41+

What part(s) of the 20 June workshop did you participate in? *

- Through panel discussion only
- All sessions before lunch only
- Sessions after lunch only
- All day
- Other:

1. What do you know about using innovation to effectively respond to humanitarian needs? *

Never heard of it before

1

2

3

4

5

6

7

I am an expert

2. To what extent do you agree/disagree with the following sentences? *

	Strongly disagree	Disagree	Neither agree nor disagree	Agree	Strongly agree
My voice was heard in the workshop	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
The workshop activities generated new ideas for me	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
After the workshop I gained a better understanding of the concept and tools (like causal loops) of system thinking	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
In the workshop, I learned different perspectives on the challenges and opportunities in Bangladesh's ecosystem for humanitarian innovation	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
After the workshop, I am more motivated to strengthen the ecosystem in Bangladesh for innovative humanitarian response	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>

After the

workshop, I feel
I could act as a
solver in the
system

Through the
workshop I
made new
professional
connections
relevant to
humanitarian
and innovation
ecosystems in
Bangladesh
Bangladesh

3. What did you like the most about the workshop?

Your answer

4. What didn't you like or would have wanted less of?

Your answer

5. What would you have wanted more of?

Your answer

6. Please share any additional feedback.
